

Revenue for the third quarter of 2017

A 10% increase

Our revenue for the first nine months of the financial year amounted to €158 614K, compared with €144 110K as at 30 September 2016, representing growth of 10.06%.

The third quarter of 2017 was up 14 % compared with the third quarter of 2016.

At the end of the third quarter, international activity represented 28.27% of our revenue.

After a first half of the year in line with our forecast, our third-quarter activity exceeded our expectations and should allow us to surpass our projected revenue (€200M) for the 2017 financial year.

Like the rest of the profession, the Group benefits from the *CICE* (job-creation tax credit), allowing it once again to improve its employees' training and its investments within the group in order to have a presence in all of the sectors that are recruiting.

Our group remains open to any and all opportunities for external growth in both France and the rest of Europe.

Next event:

- Publication of the consolidated fourth-quarter revenue, 26 February 2018 (after market closes)
